

Tri-County Electric Cooperative (TCEC), located in the Panhandle of Oklahoma, requests Statements of Qualifications and Bids to complete **Field Staking** related to a January 2017 **Ice Storm (FEMA/OEM DR4299 PW53)** in Beaver County, Oklahoma. Line Contractors construction work based on this staking work will likely extend continuously over multiple years. Staking work will be completed in sufficient time to stay ahead of Line Contractors to ensure steady and efficient work flow. Permanent repair work is expected to begin in the second quarter of 2019. The staking work will include retirement, new design and field staking of the following:

- a. Single Phase – 271.2 miles
- b. Three Phase – 353.4 miles

- Design and Staking shall be conducted utilizing current TCEC design standards.
- Retirement, New Design and Field Staking shall be completed utilizing NISC MapWise. Prospective contractor shall be familiar with NISC MapWise and will also be responsible for coordinating with NISC and TCEC to set up VPN access and NISC user account. Contractor will be responsible for providing computers and their own IT support.
- Contractor shall be responsible for providing staking sheets and materials generated with NISC MapWise.
- Contractor shall be familiar with TCEC construction units.
- There shall be two-unit costs submitted for bids (Unit Price shall be \$/mile):
 - Single Phase
 - Three Phase
- Quantities shown are approximate. Total miles could be reduced or increased with no change to unit cost bids.
- Unit costs shall include all travel, lodging, meals, fuel, equipment, construction stakes, retirement, new design, field staking, and any miscellaneous costs associated with meetings, review or other items.
- DART rate and OSHA 300 log shall be submitted with bid package.
- A copy of Commercial General Liability Insurance Policy shall be submitted with Bid package. Accord certificate is not acceptable.
- **Bidders awarded work** will be required to submit a copy of Commercial General Liability Insurance Policy **with TCEC as additional insured before work begins.**
- **Bidders awarded work will be required to have or obtain;** liability insurance covering operations of not less than \$2 million each occurrence, property damage not less than \$2 million each occurrence, and \$2 million aggregate for accidents; liability auto insurance covering \$2 million per person, \$2 million each occurrence, and \$2 million property damage each occurrence.

TCEC invites qualified consultants to submit a Bid package based upon the services outlined above. TCEC promotes equal opportunity and encourages all contractors including minority-owned, women owned, and small business enterprises to bid.

To receive consideration, bid packages must be developed and submitted within these parameters:

1. All Bid packages shall be received by mail or in person, **electronic bids will not be accepted**, by 5:00 p.m. on March 1, 2019, addressed to:
TCEC
**Electric Distribution Design and Staking/Snow Storm
2018 Bid**
Attn: Rick Wayman
995 Mile 46 Road
PO Box 880
Hooker, OK 73945
2. The Bid package label must be clearly marked "**Statement of Qualifications and Bids for Electric Distribution Design and Staking Ice Storm 2019 Bid**";
3. The Bid package must include the proposer's contact information;

To obtain a bid package including maps of locations and construction standards please contact Rick Wayman (580) 652-3863 or e-mail RWayman@tcec.coop

Formal bid opening will be held on March 7, 2019, 9:00 AM CDT.

Staking shall begin within two weeks of contract execution.

Selection Criteria Include:

1. Written description of project understanding, workflow and procedures for retirement, new design, staking sheets and field staking services.
2. Familiarity with TCEC construction standards and NISC software;
3. The specialized experience and technical competence of the firm with respect to personnel whom will be in the field designing and staking the system;
4. The past record of performances of the firm, safety record, and the ability of the firm to stay ahead of Line Contractors.
5. Fixed Unit Price.

TCEC reserves the right to reject any, and all proposals and to select a firm and award a contract that is deemed to be in the best interest of the utility.
